Touch & Feel

Giggle your way through each book with touch, feel and tickle fun!

Author: Bobbie Brooks | Illustrator: Carrie Hennon

- Following the felt finger trails to find the animals will have young ticklers laughing for hours.
- Bright, eye-catching illustrations with things to spot on every page are guaranteed to develop your child's observation skills.
- Tactile touch and feel pages provide plenty of sensory stimulation for curious little ones.

Features & Benefits

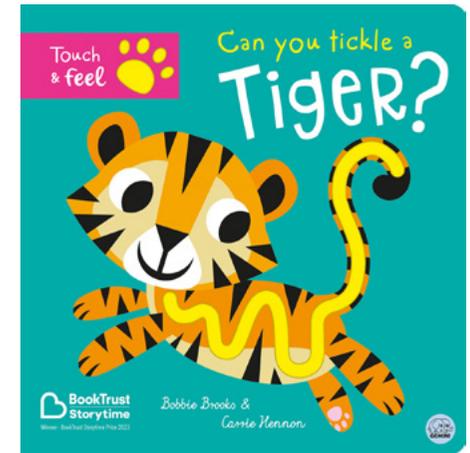

- Combines the outstanding success of touch and feel felt with die-cut trails and a humorous, engaging question and answer based story.
- Lightweight card and felt pages make this the perfect format for little hands to explore.
- Written and illustrated by BookTrust Storytime Prize 2023 winning author and illustrator.
- Touch and feel board books continue to be one of the most popular and bestselling early years formats.
- Touch and feel felt die-cuts on every page will help children to develop key motor neurone skills.

Testimonials

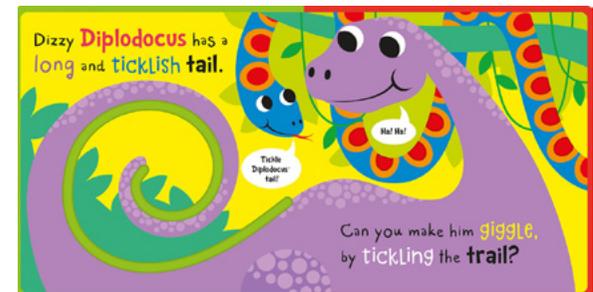

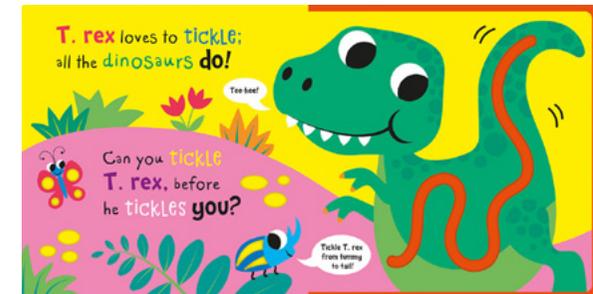

- 'Can You Tickle a Tiger?' was voted winner of the BookTrust Storytime Prize 2023.

Illustrator: Carrie Hennon

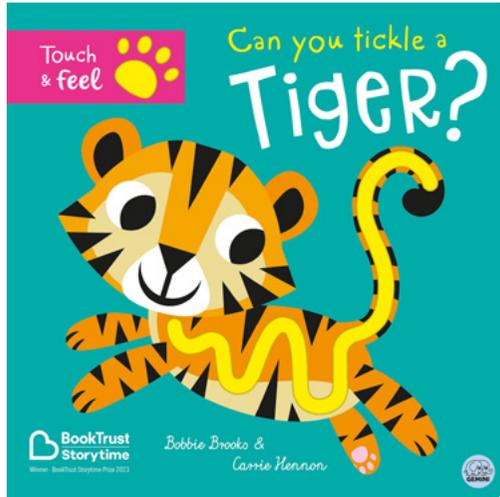

Since graduating from art school, Carrie has worked as a graphic designer, illustrator and art editor for the past 21 years. Carrie is passionate about children's book illustration and is continually inspired by her daily contact with the artists whom she commissions.

Slide and Seek - Pull Tab Books

Slide and seek on the extending pull-out pages to discover fun first animal or dinosaur facts!

Author: Lisa Regan | Illustrator: Sarah Wade

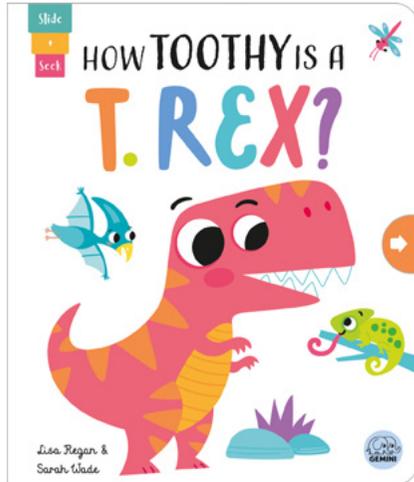

- Introduces first animal and dinosaur facts in a fun and interactive way with special double pull-out pages to pull open and explore.
- A gentle learning approach with easy to learn facts and a fun question to answer on each page. Questions encourage a child's curiosity and learning about favourite dinosaurs and animals.
- Offers a fun reading experience. Children can guess the answer to the question on each page and open out the double pull-outs to discover if they are correct as they read, play and learn!

Features & Benefits

- Features double-sided, double pull-out pages on every spread. Read the question, guess the answer and then extend each pull out one-by-one to discover the answer and see if your guess is correct!
- Robust, chunky full-colour pages make these novelty books perfect for fact-finding again and again!
- Pull tab mechanism helps to develop fine motor neurone skills.
- Non-fiction meets novelty - a unique pairing that is enjoying growth across the children's book market.
- Encourages play-based learning - a proven method which helps children learn through curiosity and enquiry.

Illustrator: Sarah Wade

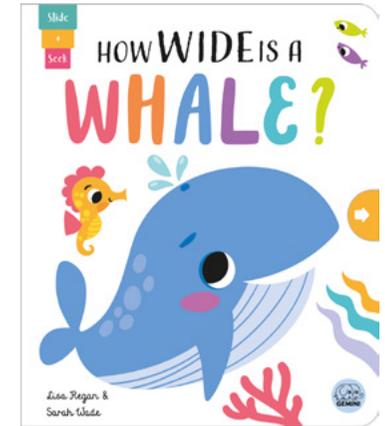

Sarah is a children's illustrator living in sunny Suffolk with her two daughters, husband and cat called Mouse. Her designs can be found worldwide on over 80 children's titles as well as greeting cards, textiles and stationery. Sarah loves bringing whimsical stories to life with her expressive and playful style.

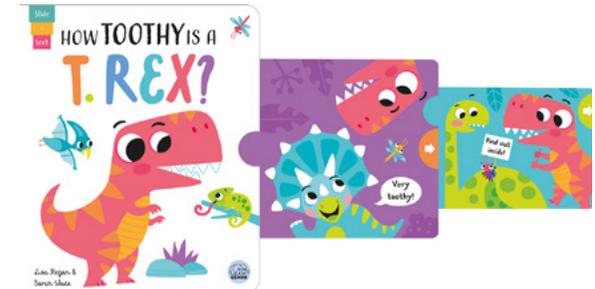

- ISBN: 978-1-91708-203-7

Trace the Trails

Trace the trails for search and find fun!

Author: Georgie Taylor | Illustrator: Samantha Meredith

- Search and find finger-tracing with new things to spot on every page.
- Interactive and engaging question and answer structure will nurture curious and inquisitive young minds.
- Watch children's excitement grow as the peepholes lead them through the book and onto the next page

Features & Benefits

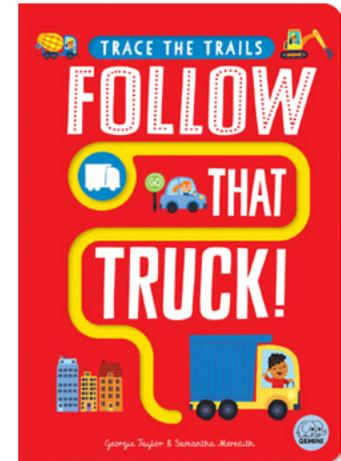

- A different finger trail to follow on every chunky spread!
- Features fun peepholes to preview the next character to find.
- The bright, contemporary illustrations with sound words scattered throughout help to introduce first words and early reading skills.

Author: Georgie Taylor

Georgie Taylor has loved reading and writing since she was a child, and now spends her time thinking up and writing stories for lots of children to read. After working in children's publishing for over 15 years, Georgie likes writing stories that encourage children to discover, learn and use their imagination.

Illustrator: Samantha Meredith

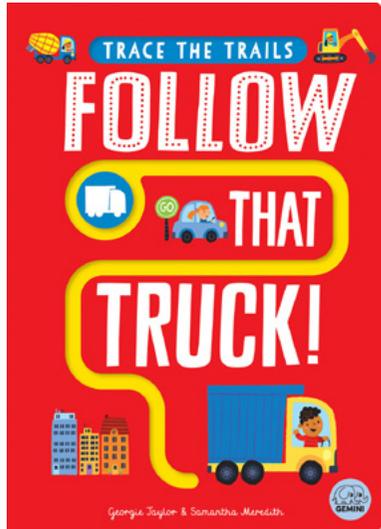

Sam has always drawn pictures, ever since she was little. After studying Illustration at Loughborough University, Sam worked for 5 years as a designer at Usborne Publishing, before becoming a freelance illustrator. She works from her little house in North London, drawing pictures all day, whilst drinking tea and wearing panda slippers.

STEM You Can

Transform your knowledge as you embark on a thrilling journey of discovery that will forever change the way you see our incredible planet.

Author: Melanie Hibbert | Illustrator: Richard Watson

- Discover mind-blowing facts as you learn about the awesome natural and man-made events that shape our world and Solar System.
- Over 150 facts are broken down into easy-to-understand bite-sized chunks, and readers will be inspired to learn about real-life scientists who are changing the world with their discoveries. The engaging quiz challenges children to test their knowledge.
- Also includes a themed, hands-on scientific experiment.

Features & Benefits

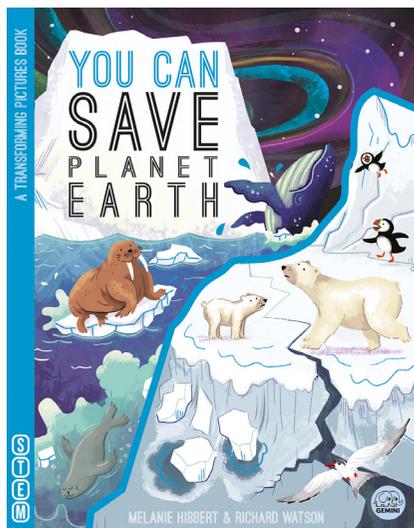

- Watch as scenes transform with the turn of each die-cut page, revealing dramatic ‘before’ and ‘after’ scenarios to explore.
- Raises awareness of natural events, the structure of the Earth, our Solar System and space, as well as the important and urgent topics of sustainability and climate change.

Testimonials

- Supports the UK’s Department of Education ‘Sustainability and Climate Change Strategy’ launched in 2022 to reinforce education about the natural world and climate education in nursery and primary schools.
- Non-fiction is a huge area of growth in the children’s market for 2022, growing 6% across the entire book market (Nielsen book data).

Illustrator: Richard Watson

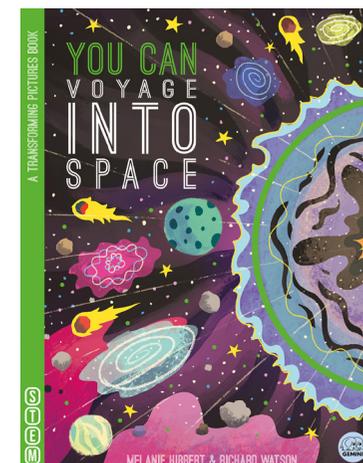

NYT bestselling illustrator of James Patterson’s Dog Days chapter fiction series. He won the EOCT/SLS Wakefield Riveting Reads Best Picture Book Award 2018 for ‘Stone Underpants’, and the follow up ‘Game of Stones’ won best picture book at the Sheffield children’s book awards 2018 (Both written by Rebecca Lisle).

Ignite STEM Book + Model Kits

With unique models to make these book and model kits will ignite a lifelong love of science, learning and discovery.

Author: Kit Elliot | Illustrator: Amanda Shufflebotham

- Complex topics are made simple with immersive model-making fun and bite-size facts.
- Bold illustrations to capture young imaginations.
- Perfect book and model kits to kickstart a lifelong interest in the wonders of science and discovery.

Features & Benefits

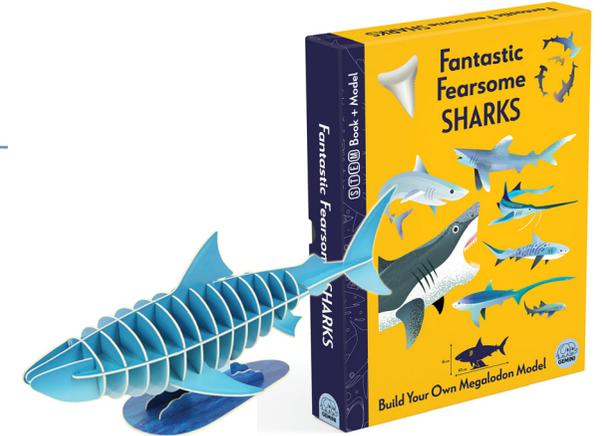

- Over 100 facts and a quiz on each STEM title topic.
- Unique models to make following clear step-by-step instructions.
- The only book + model kits to feature Titanosaurus and Megalodon models.
- 100% complete kit! No glue required.
- Assembled models are great for bedroom displays, sparking imagination and further exploration of the topics.

Author: Kit Elliot

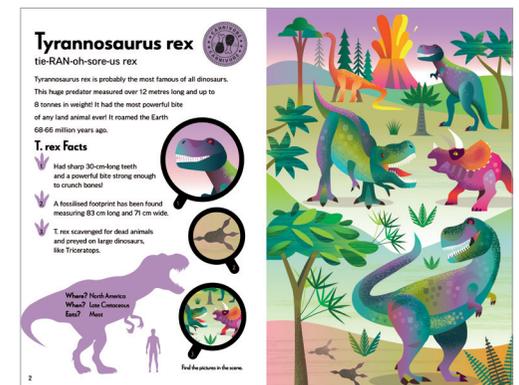

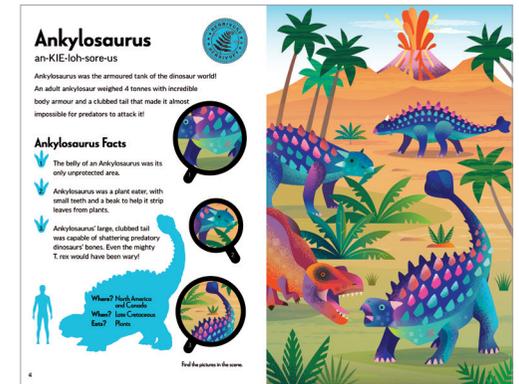

Kit Elliot began writing children's books as a child after studying English at university. Kit enjoys developing new book ideas and working with illustrators to create fun and engaging activity books for children.

Illustrator: Amanda Shufflebotham

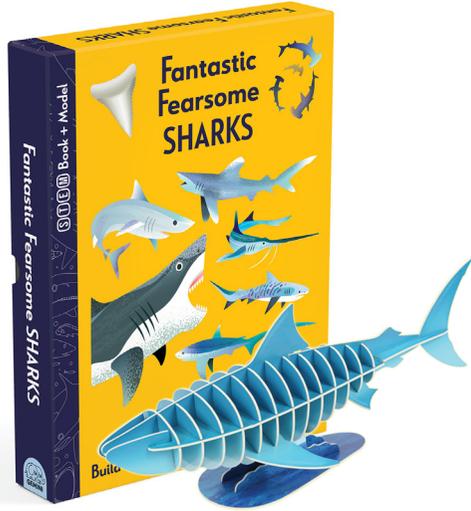

Amanda is a designer and illustrator who has worked in publishing, design and advertising. Amanda now works from her home studio, and when she's not illustrating and designing she is spending time with her family and enjoying her garden.

Refugees

The emotive viral poem by the poet Laureate of Twitter (X), with stunning illustrations by Jose Sanabria.

Author: Brian Bilston | Illustrator: Jose Sanabria

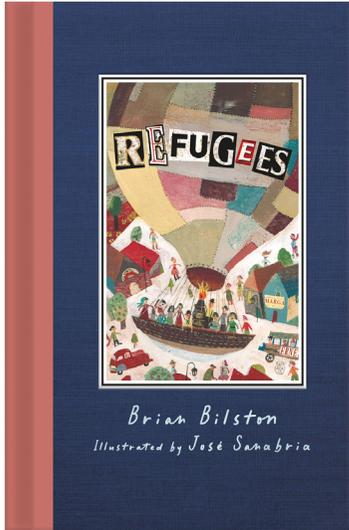

- An essential work of literature for modern times.
- A cleverly crafted verse that can be read backwards and forwards to convey two opposing views.
- Refugee is a powerful word. One that conjures opposing emotions. For some it provokes feelings of fear and hate, for others the need for compassion, understanding, and empathy.
- In this celebrated poem, “Refugees,” Brian Bilston tells both sides of the story by cleverly crafting a verse that can be read backward and forward to convey two opposing views.

Author: Brian Bilston

Brian Bilston is a secretive figure. His true identity is hidden in a cloud of pipe smoke from his supposed author photograph. From fragments of information pulled together from various Twitter feeds, we know he likes cycling, Vimto and dislikes Jeremy Clarkson. He is a published writer in anthologies. This is his first picture book.

Illustrator: Jose Sanabria

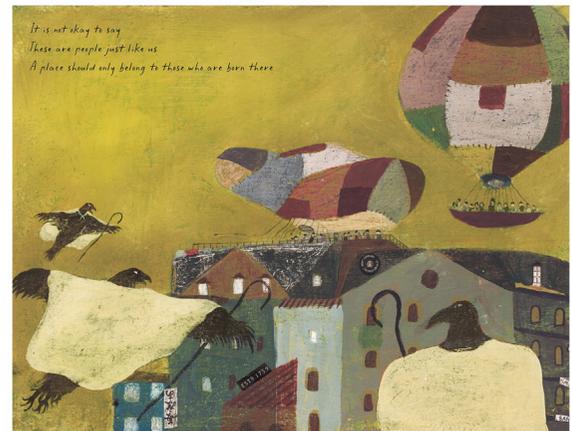

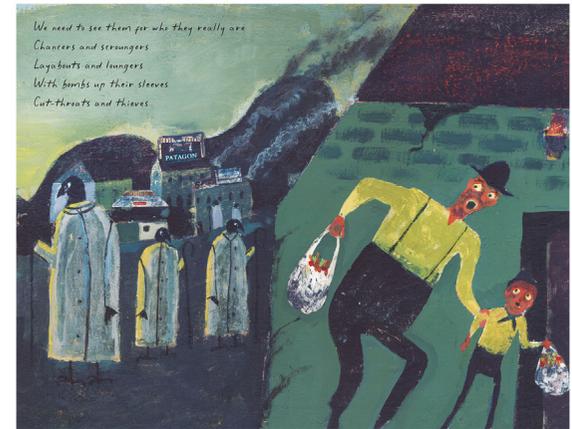

Jose Sanabria is a Colombian illustrator based in Argentina. He studied graphic design in Bogota and illustration in Buenos Aires. His works have been exhibited at the Biennale of Bratislava, at the Bologna Children’s Book Fair, and in other collective exhibitions in Argentina, Italy, Germany, and Poland.
